DATE OF II

THIS IS UNEVALUATED INFORMATION

I. AOB INFORMATION:

25X1

Encl. #1, Organizational Chart.

the Division to which the 3rd Regiment was subordinate was located in WROCLAW. There was another Regiment (Designation No. Unknown) subordinate to this Division. It was located in POZNAN. N 52-25, E 16-58.

25X1

25X1

25X1

25X1

25X1

AIRCRAFT ASSIGNED:

There were 16 YAK-23 Jet fighter type aircraft, one LI-2 transport type aircraft, one YAK-18 trainer type aircraft and one UT-2 trainer type aircraft assigned to the 3rd Regiment. In order for the 3rd Regiment to be at full strength they should have approximately forty aircraft (jet). Aircraft to each of the individual three squadrons of the 3rd Regiment were equally divided.

25X1

25X1

25X1

25X1

25X1

PERSONNEL ASSIGNMENT:

The Division in Wroclaw was commanded by a Soviet Colonel (name unknown) the 3rd Regimental Commander was a Lt. Col. (name unknown) on flying status. There were 200 enlisted personnel and 30 officers, (20 of

these officers were on flying status) in the 3rd Regiment. [] was unable to make a further breakdown of personnel assigned to each of the individual three Squadrons.

SUPPORT UNITS:

[] there were three companies (Transportation Company, Guard Company, and Communication Company) on airfield []. The transportation company had 30 trucks, GAZ-15 type - used for towing aircraft. two horses MAVACH fvnne and four passenger cars, type unknown. []

25X1

25X1

[] Attached to the 3rd Regiment was a Maintenance and Supply Section which had 35 enlisted personnel (aircraft mechanics) and eight officers (Aircraft technicians). [] This

25X1

25X1

[] maintenance and supply section only performed minor maintenance on aircraft. After a certain amount of flying hours (amount unknown) conventional type aircraft were sent to BYDGOSZCZ N 53-09, E 18-007 for inspection. Place of inspection for jet type aircraft was unknown.

25X1

[] the 11th and 12th Squadron located in Wroclaw were directly responsible to the Air Force Headquarters in WARSAW which was commanded by a Lt. Gen. Stanislaw TURKIEL. The Commanding Officer of the 11th Independent Aerial Reconnaissance Squadron was a Captain (name unknown) on flying status. There were 45 enlisted personnel and 20 officers of which 14 of the officers were pilots. Following is a breakdown of enlisted personnel and their duty in the 11th Independent Aerial Reconnaissance Squadron: 15 engine mechanics, 15 engine mechanic helpers, 3 armorers, 4 radio and instrument men, and 8 administrative men. This squadron had 13 PO-2 trainer type aircraft assigned to them. [] for the squadron to operate at full strength they should have 15 of the above type aircraft assigned to them. []

25X1

25X1

25X1

II. 12TH AIR SPOTTING SQUADRON:

The Commanding Officer of the 12th Air Independent Squadron for adjusting Artillery Fire was a Captain Zygmunt PADUCH who was on flying status, the adjutant of the 12th was Lt. RUTKIEWICZ, fnu, who also was an Aerial Observation Officer. The Squadron Political officer was Warrant Officer NIEWIADOMY, fnu. [] there were 77 enlisted personnel and 24 officers in the 12th Air Independent Squadron. [] this Squadron was overmanned in enlisted personnel and undermanned in pilots. (See personalities for duty

25X1

25X1

and breakdown of officer and enlisted personnel of the 12th Independent Aerial Observation Squadron). There were seven IL-2 and three PO-2 type aircraft in this Squadron. First Flight had three IL-2's, second Flight had four IL-2's and third Flight had three PO-2's type aircraft. []

25X1

25X1

[] the IL-2's in the 12th Squadron had the tip of the vertical stabilizer and the nose of the fuselage painted yellow approximately 10 cm. wide, to signify what squadron the aircraft were assigned to. The PO-2's just had the tip of their vertical stabilizer painted yellow. []

25X1

25X1

25X1

25X1

[] there was one aircraft mechanic and one aircraft mechanic helper assigned to each IL-2, and PO-2 in the 12th
